** If you are a TCOM student taking this course for credit, you are also required to read the book, *Dynamic Church Planting: A Complete Handbook*, P. Becker (see the TCOM office)

Track One: Church Planting Essentials **Lessons From Those Who Have Been There**

DCPI has two convictions about the Church Planting Essentials training. The first conviction is the [12 Biblical Principles of Church Planting](#) is essential for the development and birth of a healthy new church. Every session in the training will support and apply one or more of the Biblical principles. The second conviction is knowledge without wisdom is insufficient and learning without application is incomplete. Therefore, in order to receive the best out of the Church Planting Essentials training each participant is required to prepare Vision-Plan-TimeLine (VPT). It is designed to help you begin applying what you are learning in the training and to move you further along in the vision and planting of new churches.

Here's what church planters had to say about DCPI's Church Planting Essentials training:

The best part was the practicality of the training. Especially the four phases of planting a church. I already had the passion but not the "know how." - Thomas Loman

"DCPI's program is the most cross-cultural and comprehensive approach I've found." -Chris McKinney

"Church Planning Essentials is a powerful and practical tool for principle-centered church planting-refreshing and dynamic!" -Mike Ruhl

Interactive, comprehensive instruction designed to enable prospective planters to avoid church planting "land mines", plan prayerfully and pursue their vision effectively.

Sessions equip you to:

- **Organize**, refine and pinpoint your vision, purpose, strategies and timeline early, so that you have a clear plan for the future
- **Use** the 12 Biblical principles for church planting in everything you do
- **Recognize** and avoid land mines such as launching too soon, choosing the wrong facility, or exhausting your launch team

Track Two: Churches Planting Churches The Mother-Daughter Concept

"DCPI challenges you with a God-sized vision and then shows you how to be a part of its fulfillment in planting churches around the world." - Larry Barker

Even a small church can make a huge impact for the kingdom. Bring new life to your congregation through practical, proven principles of Daughter Church Planting.

Sessions equip you to:

- **Answer** fears and objections to church planting
- **Determine** the involvement of the mother church
- **Develop** a timeline for the new church
- **Find** resources needed to fund the daughter church
- **Overcome** common barriers in the new work
- **Recruit** a church planter and leadership
- **Create** your own personalized V.I.P. (Vision-Involvement-Plan)
